

Dick & Betsy
DeVos Family Foundation

A Year of Charitable Giving: 2015

Giving History

Organized in 1989, Dick and Betsy DeVos established their foundation to support organizations and programs that focus on community, education, the arts, justice, and leadership.

Dick and Betsy's support for high quality medical services for West Michigan residents have helped Spectrum Health continue its mission to create healthier communities for our neighbors.

Their generous support of the Signatures Program has helped Dr. Scholler and her team make great strides in finding new treatment strategies to cure pediatric cancers, including Neuroblastoma. We appreciate their funding partnerships as well as their willingness to be available to Spectrum Health in recruiting top physicians to practice and research in West Michigan.

Over the years the DeVoses have provided strategic leadership as members of the Board of Trustees for the Spectrum Health Foundation and the Spectrum Health System Board of Directors.

Lifetime Giving

Foundation giving since 1989.

For Dick and Betsy, the West Michigan Aviation Academy is all about opportunities and inclusivity. They know that kids have different educational needs and interests. Their vision was to operate a school where children from all backgrounds would fit in, be challenged, and grow. Thanks to their generous support, that's what we've built here. Guided by their vision, we're intentional in welcoming all students - whether they're looking for a place to learn to fly, or simply a safe place to learn in a world that may be less tolerant of learning differences.

- Pat Cwayna,
CEO of West Michigan Aviation Academy
